**Full Stack Java Development,** Deviare Academy

2024 - 2025

### INTERPERSONAL SKILLS

- Willing to Learn
- Professionalism
- Integrity
- Dead-line Driven
- Detail-Oriented
- Ability to Work Under-Pressure
- Honest
- Neat

### PROFESSIONAL PROFILE

As an entry-level employee with just a few months of experience, I bring a unique blend of skills and enthusiasm to the table. My journey began as an Information Technology Intern, where I delved into the intricate world of web software development. During this time, I honed my abilities to craft efficient and user-friendly digital experiences, gaining proficiency in languages like HTML, CSS, Asp.net C# Technologies, JQuery and JavaScript.

Additionally, my role as a Data Analyst Intern equipped me with valuable insights into harnessing the power of Microsoft Power BI to interpret complex datasets and drive informed decision-making. Though my professional journey is just beginning, I am eager to leverage my diverse skill set and passion for technology to contribute effectively to any team or project I become a part of.

### EXPERIENCE

**Information Technology Intern(Ended)**

Oct 2023 - Jan 2024

**XET Solutions, Durban CBD**

In my time role as a Web Software Developer Intern, I navigated the intricacies of various technologies including ASP.NET Core, ASP.NET MVC, and ASP.NET Blazor Server App to architect robust digital solutions. Beyond coding, I found myself seamlessly integrating into a collaborative environment, where I not only tackled development challenges but also lent a helping hand to mentors with their daily tasks.

From database design using SQL to leveraging Firebase database for real-time data management, I embraced diverse responsibilities that enriched my technical expertise and interpersonal skills alike. This dual role not only broadened my understanding of software development but also underscored the

## TECHNICAL SKILLS

- Database Administration
- Database Design - SQL, MySQL, Firebase
- Front-End Development (UI/UX)
- Back-End Development(C#)
- Web Software Development
  - ❖ Asp.net Core
  - ❖ Asp.net MVC Web Development
  - ❖ Asp.net Blazor Server App
  - ❖ Windows Forms
  - ❖ Console Applications
  - ❖ PHP
  - ❖ Java
  - ❖ Javascript
  - ❖ Angular
  - ❖ React
- Data Analyst - Ms Power Business Intelligence Components
  - ❖ Data Preparation - Power Query
  - ❖ Data Modeling - Power BI Desktop
  - ❖ Visual Reporting - Power BI Desktop
  - ❖ Asset Management and Deployment -Power BI Service
- Computer Literacy( Ms Word, Ms Excel, Ms Powerpoint, Ms Outlook)
- Excel Analysis
- IT Support
- 

## TECHNOLOGY STACKS

- Notepad/ Notepad++
- Microsoft Visual Studio
- Microsoft Visual Studio Code
- SQL Server Management Studio
- Canva
- Eclipse
- MongoDB
- Linux VM
- GitHub

importance of effective communication and teamwork in achieving project success.

### Skills Gained

1. UI Design using HTML and CSS
2. Database Administration and Design using Microsoft SQL Management Studio
3. Backend Development using C#
4. Frameworks - ASP.NET CORE, ASP.NET MVC, BLAZOR APPLICATIONS.
5. Data Capturing
6. System Administration(Finance) in Siyakhokha Payment Method.
7. Github as a Version Control System and for Team Collaboration.

### **Information Technology Intern(Ended)**

2024 Jan - 2024 September

**Phenduka Management(Remote), Durban CBD**

In my role as an Information Technology Intern at Phenduka, I was responsible for various tasks in the company.

The primary task was to do graphic designs using canva, all interns were involved in this task, it was our daily task.

As an Information Technology Intern, I was assigned from time to time, to do data analysis and visual reporting using Microsoft Power BI and Microsoft Excel.

Our managers requested that we assign in Tender searches for the company, our search was based on the company offerings.

### Skills Gained

8. Data Capturing
9. Data Analysis with Excel
10. Data Analysis with Power BI
11. Tender Searches and Requirements Alignment
12. Graphic Design with Canva
13. Sharepoint Administration

### **Data Analysts(Ended)**

2023 - Two Months

- C# - Profesional
- SQL, MySQL
- Jira
- Excel Analysis Tool Bundle
- Canva Graphical Designs
- Microsoft Power BI Components
  - ❖ Power Query
  - ❖ Power BI Desktop
  - ❖ Power BI Service

## CERTIFICATES

1. UDEMY Data Analysis Tool Bundle
2. ALLISON Introduction to Tableau Desktop
3. UDEMY Graphic Design with Canva
4. MICROSOFT Data Analytics with Power Business Intelligence
5. Deviare Belong Internship Certificate
6. IBM IT Support Professional

## Deviare Belong - Mthatha

During our internship at Deviare and Belong, we embarked on an insightful project centred on report analysis using a rich dataset focused on restaurant cuisines worldwide. Our task involved delving deep into the data to uncover trends, preferences, and patterns within the global culinary landscape.

Through meticulous analysis, we unearthed fascinating insights into the diverse cuisines enjoyed across different regions, identifying popular dishes, emerging food trends, and cultural influences. Our findings not only provided valuable market intelligence but also laid the groundwork for informed decision-making in the restaurant industry. This project not only honed our analytical skills but also deepened our appreciation for the rich tapestry of flavors that define culinary experiences around the world.

### Skills Gained

14. Data Import using Power BI
15. Data Transformation using Power BI
16. Data Manipulation using Power BI
17. Formula Solutions using DAX
18. Data Visualization using Power BI
19. Data Reporting using Power BI
20. Data Deployment using Power BI
21. Data Management in Power BI Service

## SCHOOL PROJECT WORK.

During my time at university, I collaborated on a dynamic project aimed at streamlining electrical service requests and maintenance tasks through a user-friendly web application. Our platform facilitated seamless communication between users and service providers, allowing users to submit installation requests or maintenance inquiries with ease. Through personalized user accounts, individuals could track the progress of their requests and engage in transparent communication with technicians. One standout feature was the integration of secure payment processing, enabling users to conveniently settle service fees directly through the application. This project not only showcased our technical

proficiency in web development but also highlighted our commitment to enhancing user experience and efficiency in service delivery.

## **PERSONAL DETAILS**

Date of Birth : 28/01/2000  
Marital Status : Single  
Nationality : South African Citizen  
Gender : Male  
Driving Licence : C1 / Code 10
